Recovery from MS derived from dispensary-submitted sample prepared at ±20% of applicable maximum allowable concentration, or mid-level for Potency, was:	High, but recovery from LCS was within acceptance criteria	M1	All Areas
	Low, but recovery from LCS was within acceptance criteria	M2	
	Unusable because analyte concentration was disproportionate to the spike level, but recovery from LCS was within acceptance criteria.	M3	
	Analysis of a spiked sample required a dilution such that the spike recovery calculation doesn't provide useful information, but recovery from the associated LCS was within acceptance criteria.	M4	All Areas
	Analyte concentration was determined by the method of standard addition, in which the standard is added directly to the aliquots of the analyzed sample.	M5	All Areas
	A description of the variance is described in the final report of testing according to requirements in the quality assurance plan, the applicable SOP procedure, or method criteria made to ensure scientifically valid and defensible testing results, and the reason for the variance. To Whom It May Concern:

This letter confirms the request made by Will Pennstrom to amend the License Number for all the samples in the work order S309102 (CC Order # 2309C4L0101).

Per AZDHS, if any kind of sample information is altered after the report is issued, then the only way a new report could be valid and defensible would be for the new report to have information of what was changed, date of change, who changed and why. This can be in the information area of the COA.

Below is Will Pennstrom' s official request received on 10/05/2023:

Hello,

We would like to request the following amendments to several samples from order 2309C4L0101 that are showing incorrect license # on the COA:

- Sample # 3045
  - Please update the License # from "0259910DARS639141001" to "00000016DCCC00020807"
- Sample # 3046
  - Please update the License # from "0259910DARS639141001" to "00000016DCCC00020807"
- Sample # 3047
  - Please update the License # from "0259910DARS639141001" to "00000016DCCC00020807"

Thanks,
